If you are a players still looking for a team, Kurt Goebel is putting together an entry level SLYSA team. He already has 7 girls and is looking to get to at least 11. His girls will be supplemented by players from the Lou Fusz Goal den Girls, which has three teams, for games if necessary. The Goal Den girls are three teams that train together, Kurt's team will join in that system. If you are interested in coming out please contact Coach Gobel at
